

Wilmington Mar. 2 1852

My dear Dr. Gray
The enclosed
may interest you and Mr. Gray
and perhaps the Beverly friends -
to whom and you all my warmest
regards.

I find that I am re-
gretting, more more than I had
should have supposed I would, the
loss of our good Mr. James. I sup-
pose as one gets older these strokes of
fact as more than in former years.

I have a pleasant letter fr-
Pam today.

So need to return the letters or
to answer this

Ever sincerely
Yours
Wm. M. Bayly
